

Piedmont 4-H Rabbit Project

Rules and guidelines

Rabbits for the borrowed portion of this project are supplied by various farms. These rabbits are an essential part of their families income. For this reason, we ask that you treat and handle your borrowed rabbits by the guidelines below and that they be housed and fed according to the information given to you by your Extension Agent and the project team. These are living creatures and parents are required to take a vested interest in their wellbeing.

Participants are allowed to purchase their rabbit at the conclusion of the project. The fee to purchase your rabbit will be an additional \$15.
